

Coordinate Crossword Guidelines.

1. *Open our Interactive map of Ireland.*
2. *Note the Status Box at the bottom left of the screen.*

XY = Coordinate Point.

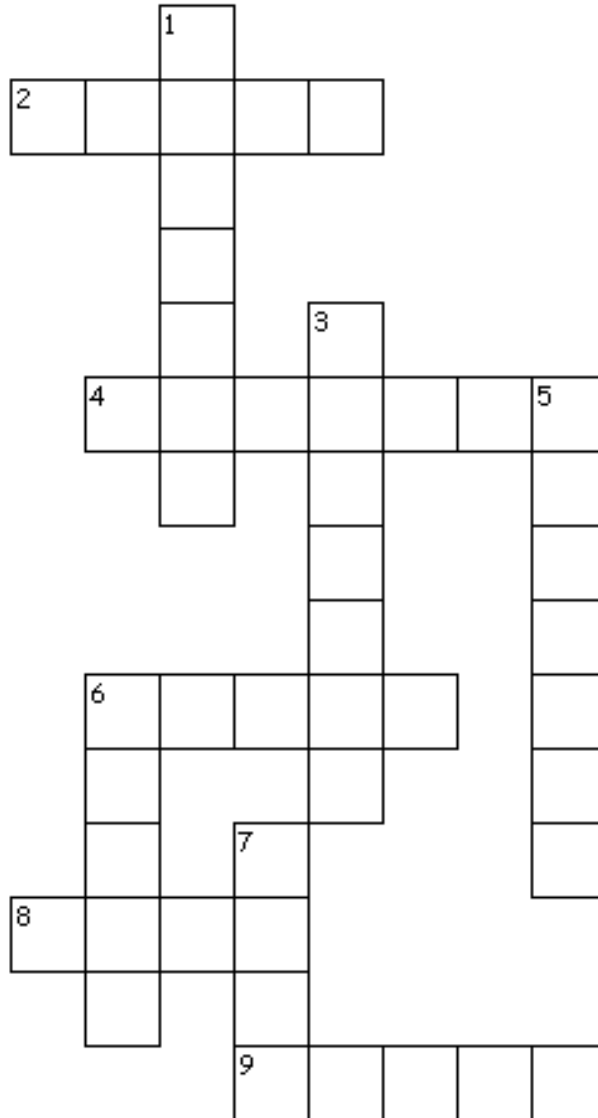

These are the Easting and Northing values for the point on which the cursor sits.
Move the cursor across the map and the XY value changes.

X = Eastings  Y = Northings 

3. *The clues below are XY values or coordinate points.*
4. *The answers are county names.*
5. *Move the cursor across the map and find all the answers.*
e.g. 2. Across. 570000, 816000 is Sligo.

Go ahead and try it yourself.
Print off the crossword grid on the page below.
