

## Price list for Annual Licence of OSi Data 2012

### When this price list applies

Under this licensing and pricing model, customers pay an initial supply charge for receiving OSi data, and then an annual licence fee for the right to use the data. Multi-year deals are possible. Customers selecting this option will be invoiced periodically, in advance, for the annual licence fee. Updates of licensed data will be provided periodically by OSi and through our eBusiness system customers can log onto the service and pull down updated data files.

This price list should be read in conjunction with the relevant OSi terms and conditions. Relevant terms used in this price list are defined in the 'General Principles and Definitions' price list (GP1). In all cases, a minimum invoice amount of €35 applies. All prices are quoted exclusive of VAT at the standard rate of 23%.

The Annual Licence fee applies to the internal business use of the data only; any further commercial exploitation is subject to additional fees.

### List prices

The minimum areas of OSi data which may be licensed under this option are as follows:

Scale of data	Minimum area
Large-scale	9 square kilometres
Medium-scale	60 square kilometres
Small-scale	1200 square kilometres

The following list prices apply to the annual licence of OSi data:

Product	Vector Fee Year 1	Vector Fee Year 2 and onwards	Raster Fee Year 1	Raster Fee Year 2 and onwards
<b>Large Scale</b>	<i>Prices are per sq. km.</i>	<i>Prices are per sq. km.</i>	<i>Prices are per sq. km.</i>	<i>Prices are per sq. km.</i>
1:1,000 Prime Data	€ 1532.00	€ 306.40	€ 512.00	€ 102.40
1:2,500 Prime Data	€ 510.00	€ 102.00	€ 174.00	€ 34.80
1:5,000 Prime Data	€ 229.00	€ 27.48	€ 76.00	€ 09.12
25" Cassini	N/A	N/A	€ 92.00	€ 18.40
1:10,560 Cassini	N/A	N/A	€ 9.00	€ 01.80
Orthophotography (2010-11)	N/A	N/A	€ 37.00	€ 7.40
Orthophotography (2005)	N/A	N/A	€ 37.00	€ 7.40
Orthophotography (2000)	N/A	N/A	€ 37.00	€ 7.40
Orthophotography B&W(1995)	N/A	N/A	€ 18.00	€ 4.00
<b>Medium Scale</b>	<i>Prices are per sq. km</i>	<i>Prices are per sq. km.</i>	<i>Prices are per sq. km.</i>	<i>Prices are per sq. km.</i>
Digi-City <small>(only Dublin available in vector format)</small>	€ 13.00	€ 13.00	€ 6.50	€ 6.50

Townlands (county)	€1422.96	€284.59	N/A	N/A
Townland names (national)	€5434.00	€543.40(10%)	N/A	N/A
Townland names (per name)	€0.22	€0.02 (10%)	N/A	N/A

### Application of prices

On initial supply of data, we will charge you the Supply Charge and the first year's Annual Licence Fee (the total of these elements is shown above as the Year 1 price). On each anniversary of the initial supply, we will charge you the Annual Licence Fee for the following 12 month period (this is shown above as the Year 2 and onwards price).

### Variations to list prices

#### Small user discount

The following price reduction applies for small data users. This reduction applies for as long as the conditions in the table below are satisfied. The discount applies only for large-scale and medium-scale data:

Number of users	Multiplier to list prices
5 or fewer (networked or stand alone)	0.5

#### Notes:

- The number of users includes those with access to any OSi data on an Intranet
- Customers are responsible for informing OSi, one month before repeat billing dates, if they are no longer eligible for the small user discount. OSi has a right of audit built into the licence

#### Content categories

We expect that most users of vector Prime Data under Annual Licence arrangements will wish to hold all data

elements. Certain users may, however, only wish to license certain themes. Where this is the case, the following charges apply. Detail of the content within each theme is available on request:

Theme	Multiplier to list price
Antiquity Heritage	0.08
Admin Boundaries	0.15
Buildings	0.30
Height	0.15
Roads	0.30
Rail	0.08
Water	0.30
Non-topo (frame etc)	Included
Land	0.30
Structures (pylons etc)	0.08

**Web Service pricing**

Scale of data	Year 1 and onwards list price
Large, Medium, Small	0.10

OSi Web Services are offered as a single product offering for the delivery of large scale products and orthophotography. Vector products are not offered via this service. Discounts in terms of usage apply.

**Notes:**

- OSi web services "MapGenie" is not offered to support a corporate GIS solution, normal list prices apply in these circumstances.
- A fair usage policy applies with the OSi "MapGenie" product.
- The charge applies for each unique web site address on which the data is available, a user of this service cannot sublicense this web service offering.
- Users of this service must be offering /creating a service and adding value.
- MapGenie is not offered as a service with a guaranteed 24/7 level of uptime.

**Large order discounts**

The following discounts will apply to orders in excess of the listed amounts. Each discount applies to the revenue in each band (that is, the rates are cumulative). Note that the discount applies to the value of an individual order. If a customer chooses to extend their area of coverage (or types of products) after their initial order, the subsequent order(s) can be aggregated with the first order for the purposes of large order discounts, provided that the annual renewal date for all orders becomes the same. A full year's charges for the subsequent order will still be payable for the part-year from subsequent order to original order renewal date. If the customer does not wish this to be the case, the orders will be treated separately when determining large order discounts.

Order value	Discount
Up to €30,000	0%
€30,001 – €75,000	15%
€75,001 – €160,000	25%
€160,001 – €650,000	30%
€650,001 – €1,250,000	35%
€1,250,001 –	50%

If a customer signs a multi-year deal (up to five-year deals are allowable), the full value over the whole time period will be used when calculating the large order

discount. In addition, such customers can, on request, pay the Supply Charge in five equal annual instalments.

**Examples****Customer 1:**

100 sheets of 1:1,000 vector Prime Data; 300 sheets of 1:2,500 vector Prime Data; 10 sheets of vector Discovery Data. **Note:(Prices are sample figures only)**

Annual licence for use throughout a large organisation for 5 years including full Internet use.

**Calculation**

1:1,000	100 sheets = 48 sq. kms 5 year price = 48 x 1,320 + 48 x 4 x 265 = €114,240
1:2,500	300 sheets = 900 sq. kms 5 year price = 900 x 440 + 900 x 4 x 88 = €712,800
Discovery	10 sheets = 30 lots of 20 x 20 km 5 year price = 30 x 5 x 128 = €19,200
Internet use	Large scale = 0.05 x year 2 and on list price per year; 5 year use = 0.05 x 5 x (48 x 265 + 900 x 88) = €22,980 Small scale = 1.00 x list price = €19,200

Total price = €114,240 + €712,800 + €19,200 + €22,980 + €19,200 = €888,420

**Large order discount:**

€30,000 @ 0% = €0
€45,000 @ 15% = €6,750
€85,000 @ 25% = €21,250
€490,000 @ 30% = €147,000
€238,420 @ 35% = €83,447
Total discount = €258,447

Total price over 5 years = €888,420 – €258,447 = €629,973. Payable in 5 equal annual instalments of €125,994.60 subject to price list increases in Annual Licence fees for years 2-5.

**Customer 2**

10 sheets of 1:2,500 vector Prime Data roads and buildings only; 100 sq. km of 1:40,000 colour Plane Views; 1 county of townland boundaries; 2 sheets of raster Discovery Data. **Note:(Prices are sample figures only)**

To be used on 5 workstations, initially one-year only but annual licence arrangements requested.

**Calculation**

1:2,500	10 sheets = 30 sq. kms Year 1 price = 30 x 440 = €13,200 Buildings + roads = x 0.60 = €7,920 Small user discount = x 0.50 = €3,960
Orthos	Year 1 price = 100 x 33 = €3,300 Small user discount = x 0.50 = €1,650
Townlands	Year 1 price = €1,250 Small user discount = x 0.50 = €625
Discovery	2 sheets = 6 lots of 20 x 20 kms Year 1 price = 6 x 76 = €456 No small user discount

Total Year 1 price = €3,960 + €1,650 + €625 + €456 = €6,691

This falls above the minimum order level for dealing directly with OSi Digital Sales.

**Restrictions**

The following restrictions apply to Annual Licence arrangements:

- The minimum areas of data that can be licensed, as set out in this price list
- Channel availability as set down in the 'General Principles and Definitions' price list (GP1)
- Data is licensed for internal business use only – see the detailed terms and conditions for specific uses and restrictions
- The data is only licensed for use on the Internet if this is specifically selected as an option (and paid for)
- A minimum invoice of €35 applies
- An annual licence is for a minimum of one year
- Arrangements covering up to five years are possible
- The minimum order level for dealing directly with OSi Digital Sales is €3,000
- MapGenie cannot be licenced to implement a Corporate GIS system, where it is being licensed to support a corporate GIS solution or when subsequently when extensive usage occurs full list prices apply.

**Notes**

- All prices quoted are exclusive of VAT
- OSi reviews its prices annually, with revised pricing taking effect on 1 January each year. The Annual Licence fees due for any OSi data for any year are calculated from the rates applying at each anniversary of the signing of the Licence Agreement
- Scanning charges as set out in the Miscellaneous Items price list are payable if users scan any paper mapping holdings they may have, unless they already hold a licence for the equivalent raster or vector data product
- Academic discounts of up to 80% of list price are available under certain specific conditions; in this case, no other discount arrangements apply. Detailed arrangements are set out in the terms and conditions for academic use (AD1)
- The display of restricted fixed images on the Internet is covered by the Miscellaneous Items price list (MS1)
- Full terms and conditions of the Annual Licence are available from the OSi website
- Where a customer only has use for certain areas of data, but OSi supplies a larger area (for instance, where the user is only interested in forestry, or railways), a discount based on the approximate area of interest may be applied
- Where a user already has licensed Cassini large scale raster data, and now wishes to license vector Prime Data, certain discount arrangements may apply; this is also the case where a user has particular usage patterns
- Where a user wishes to use OSi data for a limited period (for instance, when tendering for a project), a Research Licence option is available – under this option, subject to a number of restrictions, users have the right to use the data for up to 3 months for 25% of the Year 2 and onwards charge. Full details are set out in the terms and conditions for Research Licences (RE1)
- The Annual Licence fees for large scale vector data listed in this price list are reduced by approximately one third from the standard amounts, in recognition of the amount of transition users are experiencing as vector data becomes available for the whole country
