

1:10,000 topographical map of urban areas in raster format

Trim, Co Meath

Description: Raster maps generated from 1:1,000, 1:2,500 and 1:5,000 scale data at 300 dpi.

Data Series: 160 regional towns mapped at a scale of 1:10,000 set out on regular 1km grids, for integration with 1:50,000 Discovery Data or Digi-City (the Digi-City series cover the greater urban areas of Dublin, Cork, Limerick, Galway and Waterford at scale of 1:10,000 - 1:15,000).

Coverage: Selected coverage of major cities and towns (Republic of Ireland).

Specifications: The raster map is generated from vector data at 300 dpi. Available in IG (Irish Grid) or ITM (Irish Transverse Mercator).

File Formats: Digital format in TIFF.

Contact: Digital Sales, Ordnance Survey Ireland, Phoenix Park, Dublin 8, Ireland.
