

Price list for Project Data Licensing of OSi Data 2012

When this price list applies

Under this licensing and pricing model, customers pay an initial sum for receiving OSi data, and have the right to use the data for up to two years. Updates of licensed data are not available under this option except through a fresh initial licensing of the data. This model is expected to suit project users of OSi data.

This price list should be read in conjunction with the relevant OSi terms and conditions. Relevant terms used

in this price list are defined in the 'General Principles and Definitions' price list (GP1). In all cases, a minimum invoice amount of €35 applies. All prices are quoted exclusive of VAT at the standard rate.

The Project Data Licence applies to the internal business use of the data only; any further commercial exploitation is subject to additional licence fees.

List prices

The minimum and maximum areas of OSi data which may be licensed under this option are as follows:

Scale of data	Minimum area	Maximum contiguous area
Large-scale	Larger than A2 at source scale	12 square kilometers
Medium-scale	12 square kilometres	75 square kilometers
Small-scale	400 square kilometres	2000 square kilometers
Boundary	1 county	2 counties

The following list prices apply to the project data licensing of OSi data:

Product	Vector Fee	Raster Fee
Large Scale	Prices are per sq. km.	Prices are per sq. km.
1:1,000 Prime Data	€ 1652.00	€ 552.00
1:2,500 Prime Data	€ 550.00	€ 188.00
1:5,000 Prime Data	€ 247.00	€ 82.00
25" Cassini	N/A	€ 100.00
1:10,560 Cassini	N/A	€ 10.00
Orthophotography colour (2010-11)	N/A	€ 40.00
Orthophotography colour (2005)	N/A	€ 40.00
Orthophotography colour (2000)	N/A	€ 40.00
Plane Views B&W (1995)	N/A	€ 21.00
Medium Scale		
Medium Scale Data is available under Annual licence only.		
Small scale	Per 20km x 20km tile	Per 20km x 20km tile
Discovery Data detail	€ 160.00	€ 100.00
Discovery Height Contour	€ 148.00	N/A
Discovery Height (DTM):	€ 164.00	N/A
Discovery detail plus vector road centre lines	N/A	€ 153.00
Webmap	N/A	€ 36.00

Product	Vector Fee	Raster Fee
Digi-Boundary (treated as large-scale)	For cover as indicated	For cover as indicated
County outlines (national)	€ 500.88	€ 169.05
EDs (county)	€ 876.54	N/A
Townlands (county)	€ 1,565.25	N/A
Townland names (per name)	€ 0.23	N/A

Application of prices

On initial supply of data, we will charge you the Fees as set out above.

Variations to list prices

Web Service pricing

Scale of data	Year 1 and onwards list price
Large, Medium, Small	0.10

OSi Web Services are offered as a single product offering for the delivery of large scale products and orthophotography. Vector products are not offered via this service. Discounts in terms of usage apply.

Notes:

- OSi web services "MapGenie" is not offered to support a corporate GIS solution, normal list prices apply in these circumstances.
- A fair usage policy applies with the OSi "MapGenie" product.
- The charge applies for each unique web site address on which the data is available, a user of this service cannot sublicense this web service offering.
- Users of this service must be offering /creating a service and adding value.
- MapGenie is not offered as a service with a guaranteed 24/7 level of uptime.

Notes:

- The charge applies for each unique web site address on which the data is available

Example

Customer 1

10 sheets of 1:2,500 vector Prime Data; 100 sq. km of 1:40,000 colour Plane Views; 1 county of townland boundaries; 2 sheets of raster Discovery Data. To include full Internet usage. Note: (Prices are sample figures)

Eligibility

The quantity of large-scale data requested exceeds that allowed under the Project Data Licensing option; the customer therefore amends the requirement to 12 square kilometres and 2,000 sq. kms of small scale data.

Calculation

1:2,500	12 sq. kms Price = 12 x 508.2 = €6098.40 Internet usage = 0.05 x € 6098.40 = €304.92
Orthos	Price = 12 x 37.80 = €453.60 Internet usage = 0.05 x €453.60 = €22.68
Townlands	Price = €1443.75 Internet usage = 0.05 x €1443.75 = €72.19
Discovery	2 sheets = 5 lots of 20 x 20 kms Price = 5 x 88.2 = €441 Internet usage = 1.00 x €441 = €441
Total price = €6098.4 + €304.92 + €453.60 + €22.68 + €1443.75 + €72.19 + €441 + €441 = €9277.54	

Restrictions

The following restrictions apply to Project Data Licensing arrangements:

- The minimum and maximum areas of data that can be licensed, as set out in this price list.
- Channel availability as set down in the 'General Principles and Definitions' price list (GP1).
- Data is licensed for internal business use only – see the detailed terms and conditions for specific uses and restrictions.
- The data is only licensed for use on the Internet if this is specifically selected as an option (and paid for).
- A minimum invoice of €35 applies.
- MapGenie cannot be licenced to implement a Corporate GIS system, where it is being licensed to support a corporate GIS solution or when subsequently when extensive usage occurs full list prices apply.

Notes

- All prices quoted are exclusive of VAT.
- OSi reviews its prices annually, with revised pricing taking effect on 1 January each year.
- Scanning charges as set out in the Miscellaneous Items price list (MS1) are payable if users scan any paper mapping holdings they may have, unless they already hold a licence for the equivalent raster or vector data product.
- The display of restricted fixed images on the Internet is covered by the Miscellaneous Items price list (MS1).
- Users are responsible for ensuring that all OSi data is destroyed within two years of the commencement of usage. OSi has a right of audit to confirm that this and other terms and conditions are complied with.
- Full terms and conditions of the Project Data Licence are available from the OSi website.
- No large order or small user discounts are available under the Project Data Licensing option, as they have already been allowed in the prices quoted.
